19 BOOKS EVERY LEADER MUST READ

Spiritual Leadership and Apostolic Calling

1. **The Gift of Apostle** – *David Cannistraci*
   Explores the contemporary role of apostolic leadership and its vital importance in the Church and organizational life.
2. **Spiritual Authority** – *Watchman Nee*
   A penetrating theological work on submission, humility, and the divine structure of authority.
3. **The Fire of Delayed Answers** – *Bob Sorge*
   Offers encouragement and theological insight on seasons of waiting and how God forms leaders through delay.
4. **A Tale of Three Kings** – *Gene Edwards*
   A powerful parable of brokenness, leadership, and godly character inspired by the lives of Saul, David, and Absalom.
5. **Dark Night of the Soul** – *St. John of the Cross*
   A profound mystical treatise on spiritual purging, surrender, and transformation through suffering.
6. **The Spiritual Guide** – *Michael Molinos*
   A classic devotional manual on inner stillness and God's refining work within the soul.
7. **The Heart of an Executive** – *Richard Phillips*
   Uses the life of David to explore the heart journey every executive must undergo to lead with integrity and vision.
8. **The Vanguard Leader** – *Frank Damazio*
   Encourages bold, visionary leadership rooted in apostolic strategy and spiritual authority.
9. **Releasing Your Potential** – *Myles Munroe*
   A stirring call to break through personal limitations and fulfill one's God-given destiny.

Psychology, and Decision-Making

10. **How to Decide** – *Annie Duke*
    A practical decision-making guide that blends behavioral science and poker strategy into real-world leadership wisdom.
11. **Psycho-Cybernetics** – *Maxwell Maltz*
    A foundational book on self-image, visualization, and rewiring the brain for success.
12. **Personality Isn't Permanent** – *Benjamin Hardy*
    Dismantles limiting beliefs about personality and gives tools for intentional identity growth.
13. **Mindset** – *Carol Dweck*
    Introduces the concept of fixed vs. growth mindsets and how belief systems shape performance and potential.
14. **Atomic Habits** – *James Clear*
    Shows how small, consistent changes compound to transform identity, leadership, and success.

Systems Thinking and Philosophy

15. **Thinking in Systems** – *Donella Meadows*
    A definitive introduction to systems thinking—vital for understanding complexity and leading adaptively.
16. **The Structure of Scientific Revolutions** – *Thomas Kuhn*
    Groundbreaking work that explains paradigm shifts in science—and by extension, in organizations and leadership.
17. **The Chaos of Narratives** – *Ori Brafman*
    Examines how stories shape decision-making and how narrative disruption can drive change.
18. **The Three Philosophies of Life** – *Peter Kreeft*
    A Christian reflection on Ecclesiastes, Job, and Song of Solomon—offering profound insights into meaning, suffering, and love.
19. **The Polymath** – *Waqas Ahmed*
    Advocates for multidimensional intelligence and the power of broad, cross-disciplinary curiosity.

Proverbs 1:5, ***"Let the wise hear and increase in learning.***
